It will however be possible to waive these minimal amounts.

## **6. Nominee services**

The investor subscribing to Shares of the Company can, as from the beginning, either be registered directly as shareholder in the shareholders' registry of the Company, or accept the offer for nominee services proposed by the following distributors:

SG Private Bank N.V.  
Rijsenbergstraat, 148  
9000 Gent

Van Lanschot Bankiers Belgique S.A.  
Desguinlei 50  
2018 Antwerp

Deutsche Bank S.A.  
Avenue Marnix, 13-15  
1000 Brussels

Keytrade Bank  
Boulevard du Souverain 100  
1170 Brussels

Coöperatieve Centrale Raiffeisen-Boerenleenbank B.A. (Antwerp Branch)  
Uitbreidingsstraat 86 (bus 3)  
2600 Antwerp

ING Belgium  
Avenue Marnix, 24  
1000 Brussels

Leleux Associated Brokers SA  
Rue du Bois Sauvage, 17  
1000 Bruxelles

In its capacity of centralizing intermediary, the nominee is responsible for the subscriptions in the shareholders' registry. Moreover, the nominee is in charge of the adequate registration of the investors' rights in the individual securities accounts. The latter can, on a continuous basis, follow the situation and valuation of their Shares via the regular communications of the nominee.

The legal relation between the subscribers which use the nominee services and the nominee is governed by Belgian law. The individual rights of each subscriber will hence be guaranteed by the legal provisions and measures mentioned below.

In case a subscriber appoints one of the distributors offering nominee services in order to subscribe and hold for its account, in its nominee capacity, Shares issued by the Company, these Shares will be registered on an account opened in the name of said subscriber in the books of the distributor concerned. The Shares subscribed to will thus be individualized on these securities accounts opened in the name of the subscribers and these accounts will form a collective deposit by the subscribers. The legal regime of the coordinated royal decree n° 62 on the deposit of fungible financial instruments and the liquidation of transactions on these instruments is applicable to these deposits. Hence, the choice of a subscriber to opt for a nominee rather than holding his subscribed Shares directly does not imply any additional risk for him linked to this choice. Thus, in case of default of the nominee, the subscriber will be able to execute his revendication right pursuant to article 13. 1 of the abovementioned royal decree.

Each nominee has furthermore committed to hold in Belgium at the disposal of all subscribers which subscribed to Shares through him and have appointed him as a nominee, all notices and reports which the Company provided to the subscribers. Each subscriber using the nominee services will hence receive from the nominee a notice through which he will be informed of the information that was published and that he can obtain this information free of charge, on simple request, with the latter.

Each nominee also undertakes to take all necessary measures in order to allow the subscribers concerned to exercise, in their capacity of final beneficiaries, the rights attached to their Shares, and more particularly, their voting right. Upon prior written request to the nominee (i.e. at least 30 days before the general meeting concerned), the necessary administrative steps will be taken to allow the subscriber using the nominee services to exercise his voting right himself. Without any such request, the nominee will always exercise the voting right in the name of the subscriber using the nominee service, in the exclusive interest of these subscribers. Luxembourg law allows a man of straw (*prête-nom*) to exercise such right.

The subscriber which subscribes to Shares of the Company through one of the above distributors but which does not want to use the nominee services offered by the latter and thus, wishes that his Shares are registered directly in his name in the shareholders' registry of the Company, is held to submit an explicit request to the distributor concerned.

## **7. Tax regime applicable to individuals (Belgian residents)**

All information provided here are intended as a convenient source of tax information. This information is general in nature, is not complete, and may not apply to the investor's specific situation. The investor should consult its own tax advisor regarding its tax needs.

### 7.1 Principle; exemption of capital gains

Without prejudice to the tax regime detailed in point 7.2 below, capital gains realised on the redemption or sale of shares of the Company or on the total or partial distribution of the assets of the Company are not subject to any personal income tax if the investor acts within the framework of normal management of his private assets.

### 7.2 Taxation of "interest from debt claims" as a component of sale, redemption or liquidation proceeds of a UCITS (accumulating shares of the Company).

The income obtained by the investor from the accumulating shares or from distribution shares for which the by-laws do not provide for the distribution of the net gain is taxable if the compartment that issued those shares invests more than 10% of its assets, directly or indirectly, in receivables, to the extent that such income relates to the period during which the investor was owner of these shares.

The income is taxed to the extent it derives, directly or indirectly (in the form of interests, capital gains or capital losses) from the income or return of the assets invested in debt claims.

Capital losses are not tax deductible.

The tax is levied by means of a withholding in case of the intervention of an intermediary established in Belgium. The withholding tax rate is 30%.

If the shares are held on a foreign bank account, the Belgian resident must declare the income in his yearly income tax return. The income will then in principle be taxed at the same rate of 30 %.

### 7.3 Taxation of dividends

Dividends distributed by a UCITS to investors who are Belgian natural persons are subject to a Belgian withholding tax of 30% when they are distributed by a financial institution or an intermediary established in Belgium.

If the shares are held on a foreign bank account, the Belgian resident must declare the income in his yearly income tax return. The income will then in principle be taxed at the same rate of 30 %.

### 7.4 Tax on stock exchange transactions

The tax on stock exchange transactions is charged in particular on redemptions and conversions of accumulating shares when they are concluded or executed by Belgian residents. The tax amounts to 1,32% for both redemptions and conversions of accumulating shares (with a maximum of EUR 4000 per transaction). This tax also applies in case of sale on a secondary market.

Distribution shares are not subject to the tax on stock exchange transaction, except in case of sale on a secondary market. In that case, the rate of the tax is 0.12%, with a cap at EUR 1300 per transaction.

For transactions entered or performed in Belgium, the tax is payable by the intermediary established in Belgium.

If the shares are held on a foreign bank account, the tax is payable by the Belgian resident, unless he can demonstrate that the tax was paid by a third party.
