Portfolio Overview

| | |
|------------------------|--------------|
| Inception Date | 4/7/16 |
| Fund Assets | \$46.6 M |
| Distribution Frequency | Semiannually |

Expense Ratios (%)

| | Gross | Net |
|--|-------|------|
| | 1.25 | 0.90 |

Net expense ratios reflect the expense waiver, if any, contractually agreed to through at least 5/1/22.

Certain expenses waived or reimbursed during the first three years of operation may be recovered within three years of such waiver or reimbursement amount, if the expense ratio falls below certain limits.

Portfolio Description

This global asset allocation portfolio can help investors remove the emotion from investing by following a rules-based asset allocation process. The Portfolio looks to shift equity allocations to and from short-term investments weekly based on defined market signals while maintaining consistent exposure to intermediate-term fixed-income assets, with a goal to grow assets over time while mitigating downside risk.

| Performance (%) | Q221 | 1 Year | 3 Year | 5 Year | 10 Year | Since Inception (4/7/16) |
|--|------|--------|--------|--------|---------|--------------------------|
| Protective Life Dynamic Allocation Series – Conservative Portfolio | 4.38 | 16.67 | 5.50 | 6.15 | – | 6.05 |
| MSCI All Country World Index SM | 7.39 | 39.27 | 14.57 | 14.61 | – | 14.52 |
| Protective Life Conservative Allocation Index | 4.59 | 18.18 | 10.32 | 8.97 | – | 9.03 |

Returns quoted are past performance and do not guarantee future results; current performance may be lower or higher. Investment returns and principal value will vary; there may be a gain or loss when shares are sold. For the most recent month-end performance call 800.456.6330.

Calendar Year Returns (%)

| | 2017 | 2018 | 2019 | 2020 |
|--|-------|-------|-------|-------|
| Protective Life Dynamic Allocation Series – Conservative Portfolio | 12.37 | -1.99 | 9.97 | 3.50 |
| MSCI All Country World Index SM | 23.97 | -9.42 | 26.60 | 16.25 |

Asset Allocation (%)

| | Allocation | Target Allocation |
|--------------------------------|------------|-------------------|
| U.S. Large Cap Equity | 20.76 | 20.00 |
| U.S. Small Cap Equity | 7.43 | 7.50 |
| U.S. High Growth Equity | 7.92 | 7.50 |
| UK Equity | 5.09 | 5.00 |
| European Equity | 5.10 | 5.00 |
| Japan Equity | 2.40 | 2.50 |
| Asia Equity ex Japan | 2.46 | 2.50 |
| Intermediate-Term Fixed Income | 48.95 | 50.00 |
| Short-Term Investments | -0.12 | Up to 50.00 |

Returns include reinvestment of dividends and capital gains. Returns greater than one year are annualized.

Returns do not reflect the deduction of fees, charges or expenses of any insurance product or qualified plan. If applied, returns would have been lower.

Target Allocation to the respective asset class is a percentage of the Portfolio's total assets plus, with respect to the equity classes, any remainder in cash equivalents.

Holdings (%)

| | |
|---|---------------|
| iShares® Core U.S. Aggregate Bond ETF | 48.95 |
| Vanguard S&P 500 ETF | 20.76 |

INVESTORS

Index represents the Protective Life Conservative Allocation Index.

Investing involves market risk and it is possible to lose money by investing. Investment return and value will fluctuate in response to issuer, political, market and economic developments, which can affect a single issuer, issuers within an industry, economic sector or geographic region, or the market as a whole.

Performance of the Dynamic Allocation Series Portfolios depends on that of the underlying funds. They are subject to risk with respect to the aggregation of holdings of underlying funds which may result in increased volatility as a result of indirectly having concentrated assets in a particular industry, geographical sector, or single company.

No assurance can be given that the investment strategy will be successful under all or any market conditions. Janus Capital Management has limited prior experience using the proprietary methodology co-developed by Janus Capital Management and Protective Life Insurance Company. Although it is designed to achieve the Portfolios' investment objectives, there is no guarantee that it will achieve the desired results. Because Janus Capital Management is the adviser to the Portfolio and to certain affiliated funds that may be held within the Portfolio, it is subject to certain potential conflicts of interest.

Index performance does not reflect the expenses of managing a portfolio as an index is unmanaged and not available for direct investment.

MSCI All Country World IndexSM reflects the equity market performance of global developed and emerging markets. **Protective Life Conservative Allocation Index** is an internally-calculated, hypothetical combination of total returns from the MSCI All Country World IndexSM (50%) and the Bloomberg Barclays U.S. Aggregate Bond Index (50%). **Alpha** compares risk-adjusted performance relative to an index. Positive alpha means outperformance on a risk-adjusted basis. **Beta** measures the volatility of a security or portfolio relative to an index. Less than one means lower volatility than the CAC.6402.10.20

C-0621-38454 10-15-21

index; more than one means greater volatility. **R-squared (R²)** measures the relationship between portfolio and index performance on a scale of 0.00 (0%) to 1.00 (100%). A higher R² indicates more of the portfolio's performance is affected by market movements and vice versa. **Standard Deviation** measures historical volatility. Higher standard deviation implies greater volatility. **Sharpe Ratio** measures risk-adjusted performance using excess returns versus the "risk-free" rate and the volatility of those returns. A higher ratio means better return per unit of risk.

Please consider the charges, risks, expenses and investment objectives carefully before investing. Read it carefully before you invest or send money.

Protective and Protective Life refer to Protective Life Insurance Company (PLICO) and its affiliates, including Protective Life & Annuity Insurance Company (PLAICO). Variable annuities are issued by PLICO in all states except New York and in New York by PLAICO; securities offered by Investment Distributors, Inc. (IDI) the principal underwriter for registered products issued by PLICO and PLAICO, its affiliates. All companies are located in Birmingham, AL. Each company is solely responsible for the financial obligations accruing under the products it issues. Product guarantees are backed by the financial strength and claims-paying ability of the issuing company.

Janus Capital Management LLC serves as investment adviser. Protective Life Dynamic Allocation Series Portfolios distributed by Janus Henderson Distributors. Janus Henderson is not affiliated with Protective Life.
