TARGET MARKET DETERMINATION

JANUS HENDERSON GLOBAL MULTI-STRATEGY FUND – INSTITUTIONAL

ARSN:	640 241 943
APIR:	HGI1794AU

1. About this document

This target market determination (TMD) seeks to offer consumers, distributors and staff with an understanding of the class of consumers for which this product has been designed, having regard to the objectives, financial situation and needs of the target market.

This document is not to be treated as a full summary of the product's terms and conditions and is not intended to provide financial advice. Consumer must refer to the Product Disclosure Statement (PDS) and any supplementary documents when making a decision about this product.

Product Disclosure Statement to which this target market determination applies

This TMD applies to the Global Multi-Strategy Fund - Institutional issued by Janus Henderson Investors (Australia) Funds Management Limited (ABN 43 164 177 244) referred to in the Global Multi-Strategy Fund - Institutional Product Disclosure Statement.

Date from which this target market determination is effective

30 September 2026

2. Class of consumers that fall within this target market

The information below summarises the overall class of consumers that fall within the target market for the Global Multi-Strategy Fund - Institutional, based on the product key attributes and the objectives, financial situation and needs that this product has been designed to meet.

A consumer (or class of consumer) might intend to hold a particular investment product as part of a diversified portfolio. In these scenarios, the investment product should be assessed against the consumer's attributes for the applicable part of the portfolio, instead of against the consumer's portfolio as a whole.

The Global Multi-Strategy Fund - Institutional is for those who are seeking positive absolute returns with low to moderate volatility and low correlation to both traditional and alternative asset classes. Investors should ensure they have an informed understanding of the strategies and techniques employed by the Investment Manager, the risks of the fund and that the risk level of the fund is compatible with their own risk tolerance.

Product description and key attributes

The key product attributes of the Global Multi-Strategy Fund - Institutional are:

- The Global Multi-Strategy Fund - Institutional seeks to achieve a positive absolute return regardless of market conditions and to outperform the benchmark (Reserve Bank of Australia Cash Rate) by 7% per annum (before fees) over rolling three year periods;
- The fund invests in the underlying UCITS fund which further invests in a diversified set of strategies at a bottom-up level, including convertible arbitrage, event-driven, price pressure, risk transfer, equity market neutral and fixed income, currency and commodity relative value, combined with a top-down portfolio protection strategy;
- Does not aim to provide regular distributions but will pay distributions annually if required;
- A management fee of 0.70% per annum of the asset value of the fund is charged. In addition, there is an indirect cost of 0.10%^ per annum of the asset value of the fund. Performance fee of 20% per annum of the outperformance of the Current Day NAV relative to the Hurdle, subject to the High Water Mark
- The fund currently does not apply a buy spread or a sell spread, though a buy/sell spread may be charged when entering/exiting the fund;
- Withdrawals will generally be paid within eight business days*; and
- Online access to investment details via Portfolio Online.

Objectives, financial situation, and needs

This product has been designed for consumers who:

- Are seeking an absolute return through investing in a diversified strategy with low correlation to traditional and alternative asset classes;
- Are willing to pay the fund's management fee through the value of their invested capital;
- Would be comfortable to invest their capital for a minimum suggested timeframe of at least three to five years;
- Have a very high risk tolerance and are willing to accept the risks of losing some of their invested capital;
- Need this product if they are wanting to gain exposure to an actively managed, absolute return investment strategy with low volatility that aims to outperform the benchmark; and
- Require access to their funds within eight business days from acceptance of a valid withdrawal request. *

Consistency between target market and the product

The Global Multi-Strategy Fund - Institutional is likely to be consistent with the likely objectives, financial situation and needs of the class of consumers in the target market. This is based on an analysis of the key terms, features and attributes of the product and a finding that these are consistent with the identified class of consumers. Individuals will need to consider whether this product meets their specific objectives, financial situation and needs. The Fund aims to meet its performance target as assessed in relation to its objective and benchmark.

3. How this product is to be distributed

Distribution conditions/restrictions

Channel	Distribution condition
Platforms	The fund is available for distribution through investment, super or wrap platforms, and investor directed portfolio service (IDPS) or IDPS-like scheme or other trading platform provided there is an arrangement between the issuer and platform which governs their relationship.
Advisers	The fund is available for distribution through a dealer group and/or a registered financial adviser either directly or via platforms where the dealer group and/or financial adviser has considered the customer's objectives, financial situation and needs, and is reasonably satisfied that the fund, or a diversified portfolio containing this fund is suitable for the customer.
Direct	The fund is available for distribution via direct application if the retail customer has submitted a completed application form and read and accepted the PDS. Financial adviser details must be provided in section 6 of the application form. The fund will generally be distributed by persons providing personal advice, who are subject to best interests duty and related obligations under the Corporations Act, which are designed to ensure that customers receive advice that meets their objectives, financial situation and needs

Adequacy of distribution conditions and restrictions

We have determined that the distribution conditions and restrictions will make it likely that customers who purchase the product(s) are in the class of customers for which it has been designed. We consider that the distribution conditions and restrictions are appropriate and will assist distribution in being directed towards the target market for whom the product has been designed.

4. Reviewing this target market determination

We will review this target market determination in accordance with the below:

Most recent review	September 2026
Periodic reviews	This TMD will be reviewed at least once every three years.
Review triggers or events	Any event or circumstances arise that would suggest the TMD is no longer appropriate. This may include (but not limited): • a material change to the design or distribution of the product, including related documentation; • occurrence of a significant dealing; • regulatory attention or actions that affects the product; • significant changes in metrics, including, but not limited to, complaints, fund inflows and outflows, and fund performance; and • indications that the distribution conditions do not make it likely that the consumers who acquire the product are in the target market.

Where a review trigger has occurred, this target market determination will be reviewed within 10 business days.

5. Reporting and monitoring this target market determination

Distributors must report the following information in relation to this TMD.

Complaints	Distributors must report all complaints in relation to the product(s) covered by this TMD on a quarterly basis. This will include written details of the complaints.
Significant dealings	Distributors must report if they become aware of a significant dealing in relation to this TMD within 10 business days.

^Based on the costs incurred during the financial year ended 30 June 2026.

* Valid withdrawal requests received by Client Services before 2pm on any Business Day, except in special circumstances, will be processed using the withdrawal price next calculated for that Business Day. Valid withdrawal requests received by Client Services after 2pm on any Business Day or on a non-Business Day will be processed at the withdrawal price calculated for the next Business Day.

We will generally pay withdrawals to your nominated Australian or New Zealand bank account within 8 Business Days. However, this timeframe is a guide only and as specified in the Constitution, the Responsible Entity may, while the Fund is liquid, take up to 10 Business Days to accept or reject your withdrawal request and a further 21 days to pay you the withdrawal proceeds. In certain circumstances, such as when there is a freeze on withdrawals, you may not be able to withdraw your Units within the usual period upon request.

Investing via a platform or superannuation master trust may result in different timeframes for payments of redemption requests compared to direct investors. Investors should contact their financial adviser, platform operator, or superannuation trustee for further information.

For the purposes of this TMD, a "Business Day" means any day other than a Saturday, Sunday or public holiday in NSW or Luxembourg on which the banks in NSW or Luxembourg are generally open for business.
