* Based on costs incurred during the financial year ended 30 June 2026.

1 Net asset value is the value of the assets less the liabilities of the Share Class of the fund, as calculated in accordance with the Fund's constitution, available free of charge to unitholders by contacting the Responsible Entity.

2 Please read the Product Disclosure Statement (PDS) for more information on the calculation of the performance fee.

Overview

The Janus Henderson Global Multi-Strategy Fund - Institutional ("Fund") is classified as a hedge fund in accordance with the Australian Securities and Investments Commission Regulatory Guide 240 "Hedge funds: Improving disclosure".

The Fund primarily gains its investment exposure by investing into an Australian dollar denominated class of shares of the Janus Henderson Fund – Global Multi-Strategy Fund ("Underlying Fund"). The Fund implements its investment return objective by substantially investing all of its assets in the Underlying Fund. As the Fund is a fund of hedge funds via its investment in the Underlying Fund, the benchmarks disclosure will be taken to apply to the Underlying Fund on a 'look-through' basis.

Janus Henderson Investors (Australia) Funds Management Limited as Responsible Entity of the Fund provides the following key information about the Fund and the Underlying Fund. This disclosure should be read in conjunction with the PDS which is available on our website at www.janushenderson.com/australia.

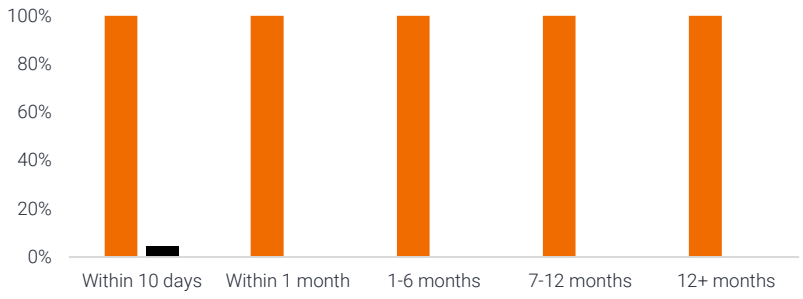

Asset allocation

As at 30 June 2026, the asset allocation of the Underlying Fund is shown in the below table:

Asset type	Allocation weighting (%)
International Bonds	59.90
Australian Bonds	0.00
Australian Equities	1.60
International Equities	14.88
Cash or cash equivalents	128.40
Exchange traded derivatives*	-104.78

* Derivatives are reflected on net exposure basis.

Liquidity and liability maturity profile

*excludes net assets attributable to unitholders.

Derivative counterparties

The Fund, via its investment in the Underlying Fund, makes use of derivatives for the purpose of meeting the Fund's investment objective, to reduce risk or to manage the Fund more efficiently. The derivative counterparties engaged by the Underlying Fund in the period 1 July 2025 to 30 June 2026 are:

Bank of America NA (CFD only)
Barclays
BNP Paribas
CitiGroup
Credit
Suisse
Deutsche Bank AG
Goldman Sachs
JP Morgan
Macquarie
Merrill Lynch (BAML)
Morgan Stanley
RBC
Societe
Generale UBS

Net investment returns

Year	Annual return to 30 June (%)
2026	5.74
2025	8.68
2024	1.59
2023	-3.09
2022	4.89
Since inception (01/03/2021)^	2.24

^This figure represents the annualised net returns from inception 1 March 2021 to 30 June 2026. Past performance is not a guide to future performance. Performance figures are calculated using the exit price net of fees and assume distributions are reinvested.

Leverage ratio

The gross leverage ratio of the Underlying Fund is 14.11.

Both the Fund and the Underlying Fund will not enter into borrowing arrangements for investment purposes, other than temporary overdrafts which may be used to manage certain cash flows.

However, the Underlying Fund will employ leverage as part of its investment strategy when using derivatives and therefore the Fund will gain leveraged exposure through its investment in the Underlying Fund.

The Fund via its investment in the Underlying Fund engages in short selling which is achieved entirely through derivative instruments.

For more information on the use of leverage, please refer to the Fund's PDS.

Key service providers

The Responsible Entity has appointed a number of key services providers that are involved in the ongoing operation of the Fund and the Underlying Fund. Information about the key service providers and the scope of their services is set out in section 10 of the PDS. There were no changes to key service providers to the Fund and the Underlying Fund during the year to 30 June 2026.
