Fund aim

The Fund will be a Property Authorised Investment Fund for tax purposes at all times. It aims to achieve a high income together with some growth of both income & capital through investment primarily in commercial property and property related assets. Other investments may include money market instruments, derivatives and forward foreign exchange contracts.

Additional information

Please note that with effect from 25 March 2019 the Janus Henderson UK Property PAIF fund has been priced on a full spread basis. The AUM of the UK Property PAIF Fund is a combination of the PAIF and PAIF Feeder Funds. With effect from 1 September 2018 the Investment Association has created a new property fund sector, IA UK Direct Property. The Janus Henderson UK Property PAIF (and Feeder Fund) is now included in this sector because it invests predominantly in UK properties. Quartile rankings and sector return comparisons are now being made to this new sector. While all funds in the new sector are required to be directly invested in properties there may be operational differences, such as dealing frequency, investment style or intended investor types that makes comparison to some funds less relevant than others. As of 31 May 2016, the fund converted to a Property Authorised Investment Fund (PAIF), but kept the same strategy, approach and Fund Managers. A PAIF is a type of tax-efficient property fund which benefit UK tax-exempt investors, including charities and pension funds (including self-invested pension funds) and those investing through an ISA. PAIFs are generally exempt from UK tax on income derived from property holdings and other investments with the result that tax-exempt investors in a PAIF benefit by the fund not being subject to tax (currently at 20%) on rental income. The Henderson UK Property Feeder Fund was launched on 31 May 2016, for investors that are unable to invest directly into the Henderson UK Property PAIF. Prior to 31 May 2016, the past performance shown is that of the Henderson UK Property OEIC. Performance before 29 August 2014 represents the Henderson UK Property Unit Trust.

Performance for the share class is calculated at 12pm and performance of the index is calculated as at close of business. Note that any differences among portfolio securities currencies, share class currencies, and your home currency will expose you to currency risk.

What are the risks specific to this fund?

- If a Fund has a high exposure to a particular country or geographical region it carries a higher level of risk than a Fund which is more broadly diversified.
- This fund is designed to be used only as one component in several in a diversified investment portfolio. Investors should consider carefully the proportion of their portfolio invested into this fund.
- The Fund may use derivatives with the aim of reducing risk or managing the portfolio more efficiently. However this introduces other risks, in particular, that a derivative counterparty may not meet its contractual obligations.
- This Fund is dual priced. The price at which you buy shares/units in the fund will incorporate the transaction costs incurred in buying physical properties. When you sell shares/units in the Fund the price you sell at incorporates the transaction costs incurred in selling physical properties. The difference between these prices is called the 'spread'. This spread is currently c. 5% and reflects the high transaction costs of buying and selling commercial property. Typically the buying price of an individual commercial property can be 7-8% higher than the selling price. The spread of the Fund is not fixed and may vary over time depending on the composition of the Fund.
- Valuations are determined by independent property experts. The valuation of property is generally a matter of valuer's opinion. The amount raised when a property is sold may be less than the valuation.
- The Fund contains assets which may be hard to value or sell at the time and price intended. In particular, property investments may take a considerable time to sell. When many investors want to sell their shares, the Fund may have to delay processing requests so that certain assets or properties can be sold first. This is known as deferring redemptions.
- The Fund could lose money if a counterparty with which it trades becomes unwilling or unable to meet its obligations to the Fund.
- Tenants in the Fund's properties may become unable to pay their rent. As a result, the Fund's income may be impacted and further costs incurred.
- Some or all of the Annual Management Charge and other costs of the Fund may be taken from capital, which may erode capital or reduce potential for capital growth.
- The Fund's value may fall where it has concentrated exposure to a particular industry that is heavily affected by an adverse event.
- If the Fund or a specific share class of the Fund seeks to reduce risks (such as exchange rate movements), the measures designed to do so may be ineffective, unavailable or detrimental.

General risks

- Past performance is not a guide to future performance.
- The value of an investment and the income from it can fall as well as rise and you may not get back the amount originally invested.
- Tax assumptions and reliefs depend upon an investor's particular circumstances and may be subject to change.

Important information

Fund size at 12pm on last business day of month. Ratings and award information: Elite Fund ratings are based on FundCalibre's research methodology and are the opinion of FundCalibre's research team only. The award of an Elite Fund rating does not mean the fund is a suitable investment for you, and does not constitute a recommendation to buy. If a fund that you already hold does not, in the opinion of FundCalibre, merit an Elite Fund rating, this does not constitute a recommendation to sell. However the knowledge that professional analysts have analysed a fund in depth before assigning them a rating can be a valuable additional filter for anyone looking to make their own decisions. Ranges that have successfully gone through the RSMR's rigorous and robust methodology will be awarded their Rated Fund Range designation. In giving this rating, RSMR are confirming that their research shows Janus Henderson Investors to have a sound investment process for the fund range, and that their analysis of the performance and risk of the range of funds is in line with their expectations. One of the primary reasons for separating out ranges from the sector funds that form RSMR's usual reviews is to provide a simpler process for advisers and provide analysis and guidance from a more practical perspective. By assessing the core processes against objectives and targets rather than emphasising the peer group, RSMR feel they can identify those fund ranges in a way that advisers can then utilise across a range of clients or risk profiles more effectively and consistently. All the fund ranges that have been awarded a rating will be listed on the RSMR website, where you will also find a factsheet for each range. All this information should enable you to understand the fund ranges that are available, and the key differences between them, meaning you can then determine which, if any, is most suitable for you. † 100% of the Annual Management Charge is taken from capital. * Yields are shown net except for bond funds which are shown gross. The Historical Yield reflects distributions declared over the past 12 months as a percentage of the mid-market share price, as at the date shown. It does not include any preliminary charge and investors may be subject to tax on their distributions. ** Peer group benchmark: The Investment Association (IA) groups funds with similar geographic and/or investment remit into sectors. The Fund's ranking within the sector (as calculated by a number of data providers) can be a useful performance comparison against other funds with similar aims. Please note: due to rounding the figures in the holdings breakdowns may not add up to 100%. Unless otherwise indicated all figures sourced from Morningstar, Datastream, BNP Paribas and Janus Henderson Investors. Please note the views, opinions and forecasts expressed in this document are based on Janus Henderson Investors research, analysis and house views at the time of publication. Third party data is believed to be reliable, but its completeness and accuracy is not guaranteed. Please read all scheme documents before investing. Before entering into an investment agreement in respect of an investment referred to in this document, you should consult your own professional and/or investment adviser. The value of an investment and the income from it can fall as well as rise and you may not get back the amount originally invested. Tax assumptions and reliefs depend upon an investor's particular circumstances and may change if those circumstances or the law change. If you invest through a third party provider you are advised to consult them directly as charges, performance and terms and conditions may differ materially than those shown on this document. Nothing in this document is intended to or should be construed as advice. This communication does not constitute an offer or a recommendation to sell or purchase any investment. It does not form part of any contract for the sale or purchase of any investment. Any investment application will be made solely on the basis of the information contained in the Prospectus (including all relevant covering documents), which will contain investment restrictions. This document is intended as a summary only and potential investors must read the prospectus, and where relevant, the key investor information document before investing. We may record telephone calls for our mutual protection, to improve customer service and for regulatory record keeping purposes. Issued by UK by Janus Henderson Investors. Janus Henderson Investors is the name under which investment products and services are provided by Janus Capital International Limited (reg no. 3594615), Henderson Global Investors Limited (reg no. 906355), Henderson Investment Funds Limited (reg no. 2678531), AlphaGen Capital Limited (reg no. 962757), Henderson Equity Partners Limited (reg no. 2606646), (each registered in England and Wales at 201 Bishopsgate, London EC2M 3AE and regulated by the Financial Conduct Authority) and Henderson Management S.A.
